## REPORT *Of The* SELECTMEN

TO: The Inhabitants and Voters of Jaffrey.

The year 1969 was a busy one for the Board of Selectmen, several meetings each week were held besides the regularly scheduled Tuesday evening meetings due to problems arising that necessitated immediate attention.

The last part of checking the tax map was completed with the exception of a few parcels remaining to be checked.

Two new lateral sewers were installed, one on Turnpike Road and one in Jaffrey Center, both of which have helped to alleviate the sewerage problems existing.

Negotiations were completed with the State and Federal Governments for pre-financing for the new addition to our present major sewerage system, construction of which we hope will commence before too many months.

The new communications system for the Town has been completed, so that the Highway, Police and Water Works Departments are now in communication, with a base station set up in the Town Office Building.

The Board was pleased to have two new major industries developed in town by private enterprise. Some smaller places vacated were taken over by smaller industries. This reflects on the Town, showing it is progressing and growing.

A summer recreation program, under the supervision of Richard Roy and Janet Duval proved to be most successful, the program consisting of morning activities at Humiston Field and afternoon programs at Lake Contoocook.

Again the Board of Selectmen wishes to express its sincere appreciation to all who have helped us in any way in carrying out our obligations.

# TOWN MEETING WARRANT

TO: The Inhabitants of the Town of Jaffrey, County of Cheshire, qualified to vote in Town Affairs:

You are hereby notified to meet at the Ernest J. Pratt Auditorium, formerly Conant High School Auditorium, located on Stratton Road, in Jaffrey Village, in said Town of Jaffrey, on Tuesday, the 10th day of March next, at nine o'clock in the forenoon (polls to remain open until six o'clock in the afternoon), to act upon the following subjects:

1. To choose one Selectman for three years, Highway Agent, Chief Engineer-Fire Department, Overseer of Public Welfare for one year, and one Water Commissioner and one Commissioner for Humiston Park for three years, and all other necessary Town Officers.
2. To hear all reports except that of the Budget Committee.
3. To hear the report of the Budget Committee and to raise and appropriate such sums of money as may be required for the support of the Poor, Building and Repairing of Highways and Bridges, Fire and Police Departments, Memorial Day, Street and Building Lighting and all other Town Charges.
4. To see if the Town will vote to authorize the Selectmen and Town Treasurer to borrow money upon the credit of the Town in anticipation of Taxes.
5. To see if the Town will vote to raise and appropriate a sum of money not to exceed \$2,000.00 for final compilation of the Town of Jaffrey History, Volume III.
6. To see if the Town will authorize the Jaffrey History Committee to act as agents to contract for the publication of, and provide for, the sale of advance subscriptions for the Town of Jaffrey History, Volume III, now near completion, said Volume III to be sold at a price of \$25.00 per volume, and to authorize the said committee to apply said subscriptions towards the total cost of publication, or act in any way relating thereto.
7. To see if the Town will vote to raise and appropriate a sum of money not to exceed \$23,000.00 for publication of the Town of Jaffrey History, Volume III, or act in any way relating thereto.
8. To see if the Town will vote to authorize the Jaffrey History Committee to act as agents for the sale of published copies of the Town of Jaffrey History, Volume III, and that said agents shall render annually a financial report to the Town Meeting on the sale of said histories, or act in any way relating thereto.
9. To see if the Town will vote to amend the action taken under Article 12, of the March 8, 1938 Annual Town Meeting as reads: "That the price of the new volumes shall be \$15.00" to read: "That the price of the new volumes shall be \$20.00." (This refers to the Town of Jaffrey History Volumes I & II remaining in stock).
10. To see if the Town will vote to raise and appropriate the sum of \$20,000.00 providing the State will appropriate an equal amount of matching funds to rebuild the present bridge and approach on Prescott Road at the Annett Manufacturing Co.
11. To see if the Town will vote to establish and create an Historic District to be known as Jaffrey Center Historic District, in accordance with Chapter 31, Sections 89A through 89I of New Hampshire Revised Statutes Annotated, the boundaries of the same being as established and defined in the plan and report of the Historic District Commission filed with

the Town Clerk and printed in the Annual Town Report — 1969; and to direct the Town Clerk to file with the Register of Deeds for Cheshire County a copy of said plan and report, together with this article and a certification of the vote thereon. (By Ballot).

12. To see if the Town will vote to raise and appropriate a sum of money not to exceed \$1,400.00 to replace the present police cruiser.

13. To see if the Town will vote to raise and appropriate a sum of money not to exceed \$4,100.00 for the purpose of purchasing a new four-wheel drive pickup truck for use of the Town of Jaffrey Highway Department, and to authorize the Selectmen to make such purchase as they deem to be in the best interest of the Town.

14. To see if the Town will authorize the Selectmen and Town Treasurer to borrow \$50,000.00 in anticipation of sewer rental fees, for the construction of lateral sewers to connect with the main trunk system.

15. To see if the Town will vote to raise and appropriate a sum of money not to exceed \$552.00 in support of the operating cost of the Elliot Community Hospital for the year 1970; and to instruct the Budget Committee to consider similar annual Budget requests thereafter.

16. To see if the Town will vote to raise and appropriate the sum of \$950.00 to support the services of the Community Health Clinic of the Monadnock Family and Mental Health Services; said services operating under the provisions of the Community Health Mental Health Services Act of New Hampshire with State Grant-in Aid.

17. To see if the Town will vote to authorize and direct the Moderator with the consent and approval of the Selectmen, within three months, to appoint a Bicentennial Celebration Committee to draft plans and proposals for a 1973 Bicentennial Celebration and report the same to the 1971 Town Meeting, the size of the same to be at the discretion of the Moderator in consultation with the Selectmen.

18. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 to create a Bicentennial Celebration Capital Reserve Fund, and to instruct the Budget Committee to consider this as an annual budget request thereafter for the next three years.

19. To take up any other business that may be properly brought before the meeting.

Given under our hands and the Seal of the Town of Jaffrey this 18th day of February 1970.

## *REPORT OF THE JAFFREY PLANNING BOARD*

FOR THE YEAR ENDING DEC. 31, 1969

In working toward the goal of establishing subdivision regulations, The Planning Board of the Town of Jaffrey has been conducting a study of Jaffrey's resources and capabilities. To this end the Board has caused to be prepared, in cooperation with Cheshire County Conservation District, a general interpretive soil report of the town. The general soil map shows the pattern and distribution of relatively broad groups of soils. It is intended only as a general guide and it is useful for general planning and predicting soil limitations for certain specific uses. This report is on file at the Town Office and is available for use.

It is anticipated that 1970 will see the completion of the subdivision regulations.

# HIGHWAY AGENT'S REPORT

For the year ending Dec. 31, 1969

## WINTER

TO: The Citizens of Jaffrey:

I am submitting herewith my first annual report as your elected Highway Agent and at this time I wish to report some of the accomplishments for the past year.

During the past year TRA work was commenced on Fitzwilliam Road. This new construction will eventually be completed and will do away with some of the existing dangerous curves on the present road.

New lateral sewers were constructed in Jaffrey Center and on Turnpike Road.

New storm drains were constructed on Hillcrest Road and Hillcrest Court. This construction will curtail the flooding of the properties in that area as had occurred during the past years.

The parking area at the Beach was improved during the past year improving the parking situation there.

Summer maintenance work consisted of cleaning the sides of many roads and cleaning out culverts.

The street parking markings were repainted also.

I wish at this time to express my sincere appreciation to the people of Jaffrey and to everyone who in any way assisted me in the discharge of my duties as your elected Highway Agent.

LLOYD C. DUNNING, SR.  
Highway Agent

## REPORT OF THE JAFFREY HISTORY COMMITTEE

To the Selectmen and Voters of Jaffrey:

Volume III of THE HISTORY OF JAFFREY is nearing completion. For all practical purposes the genealogical section is now considered finished. Through the period of its preparation the cooperation of Jaffrey residents has been splendid. Many families contacted Alice E.E. Lehtinen during the many sessions for the purpose she held at the Town Office building. Disappointingly, many others who

should have been heard from failed to report for their genealogical records to be included in the work.

The narrative section is now in its final stages with most of the chapters completed. The matter of illustrations is now under consideration.

Respectfully submitted,

# REPORT OF HISTORIC DISTRICT COMMISSION

January 27, 1970

To the Board of Selectmen:

As authorized by vote of the Town Meeting of 11 March 1969, an Historic District Commission was created. Appointed to the Commission by the Moderator were: B. Leonard Krause, Homer J. Belletete, Paul J. Kidder, Peter B. Davis, William W. Torrey and Frederick S. Richardson. At the organizational meeting the following offices were filled: Chairman. B. Leonard Krause; Vice-Chairman. Homer J. Belletete; Secretary, Frederick S. Richardson.

Two public hearings have been held to acquaint the town with the proposed bounds of the Historic District in Jaffrey Center, as well as to hear comments and suggestions regarding the regulations of the District. These hearings were on Thursday, 18 September 1969 and Monday, 19 January 1970.

Attached you will find a copy of the proposed regulations including a sketch map showing the bounds of the proposed Historic District.

It is the hope of the members of the Commission that the town will vote, at the 1970 Town Meeting, in favour of the establishment of an Historic District in Jaffrey Center and of the proposed regulations.

Respectfully submitted,

Historic District Commission  
B. Leonard Krause, Chairman  
Homer J. Belletete, Vice-Chairman  
Paul J. Kidder  
Peter B. Davis  
William W. Torrey  
Frederick S. Richardson, Secretary

## THE TOWN OF JAFFREY, NEW HAMPSHIRE

### HISTORIC DISTRICT REGULATIONS

**Purposes.** The preservation of structures and places of historic and architectural value is hereby declared to be a public purpose. The heritage of Jaffrey Center will be safeguarded by (a) preserving a district which reflects elements of its cultural, social, economic, political and architectural history; (b) conserving property values in such district; (c) fostering civic beauty; promoting the use of an historic district for the education, pleasure and welfare of the citizens.

**Authority Granted.** For the purposes of this subdivision the Town Meeting of March 11, 1969 voted the authority to establish, change, layout and define the Historic District of Jaffrey Center. Within said district, the construction, alteration, painting, moving, demolition or use of structures and places shall be regulated by the Historic District Commission.

**Historic District Commission.** The Moderator shall appoint the Historic District Commission members.

**Membership; Qualifications; Terms; Vacancies.** The membership of such commission shall consist of not less than five nor more than seven members. All members shall be residents of Jaffrey and one shall be a member of the board of selectmen, thereof and one shall be a member of the planning board. In determining the qualification of a member of said commission, the moderator shall take into consideration his demonstrated interest and ability to understand, appreciate and promote the purpose of this subdivision. The members of said commission shall be appointed for three-year terms except the initial appointments shall be staggered so that subsequent appointments shall not recur at the

same time. Members of said commission shall serve without compensation and shall serve no more than two successive terms. In the event of a vacancy on the commission, interim appointments may be made by the appointing authority to complete the unexpired term of such position.

**Organization; Meetings; and Rules.** The commission shall elect a chairman, vice-chairman and a secretary from the appointed members and create and fill such offices as it may deem necessary for its work. The term of all officers shall be one year but any officer may succeed himself. The commission shall meet at the call of the chairman and at such other times as the commission may determine, and shall adopt rules in accordance with the provisions of the implementing ordinances of the municipality. All meetings and records of the commission shall be open to the public.

**Powers and Duties.** It shall be the duty of the commission to develop a policy for the accomplishment of the purposes of this subdivision within said historical district and within the provisions of the ordinances and to relate said policy to the comprehensive plan of Jaffrey. The commission shall have the power to accept, review and act upon all applications for building permits in reference to properties situated within the boundaries of any historic district established hereunder. Such power of review and approval or disapproval shall be limited to those considerations which affect the relationship of the applicant's proposal to its surroundings, to the location and arrangement of structures, to the architectural treatment of the exterior features and finish of structures, and to the compatibility of land uses within the district as they may be deemed to affect the character and integrity of said district to achieve the purposes of this subdivision. It shall be the duty of the commission to request reports and recommendations regarding the feasibility of the applicant's proposal from the planning board, fire chief, health officer and such other administrative officials who may possess information pertinent to the application. It shall be the duty of the commission to seek advice from such professional, educational, cultural or other groups or persons as may be deemed necessary for the determination of a reasonable decision. The commission shall have the power to engage such technical assistance and consultants as may be deemed necessary to carry out the purposes of this subdivision. The commission shall have the power to accept and use gifts, grants, or contributions for the exercise of its functions. It shall be the duty of the commission to file with the Selectmen either a certificate of approval or a notice of disapproval following the review and determination of the application. Said certificate shall be filed with the Town Clerk within forty-five days after the filing of the application for said certificate, unless the applicant shall agree to a longer period of time. No building permit shall be issued until a certificate of approval has been filed, but in the case of disapproval, such notice shall be binding upon the Town Clerk and no permit shall be issued. Failure to file said certificate within the specified period of time shall be deemed to constitute approval by said commission.

**Changes in Existing Buildings, Land and Uses.** When an exterior change, including color of paint, or change in use of building on land is contemplated, details shall be submitted to the commission. The commission shall have the power to accept, review and act upon the proposed changes situated within the boundaries of the historic district.

**Historic District Boundaries.** The bounds of the District shall start on the west wall of the Cutter Cemetery at land n or f of Wetherell at a point 200 ft N of the north side of Harkness (Henchman) Road, proceeding thence southerly along wall and beyond in the same line to and across Harkness Road, and across land n or f of Wetherell, and across Main St, and across land n or f of Hearsey to a point 200 ft S of the south line

## REPORT ON REFUSE DISPOSAL

The selection of the type of refuse disposal for the Town of Jaffrey whether it be sanitary land fill, incineration, pit burning, hauling away, composting, or any other method that may be used, means that eventually this refuse will have to be buried.

Each community has a problem of its own for the disposal of its waste, and needs individual study as to the proper disposal method. The small community such as Jaffrey will not have as much trouble to solve this problem as a larger community such as Keene.

First of all the community must have a disposal area. Jaffrey does have one, and owns it as shown on page . The present area is estimated to be good for about thirty years at the present population, and rate of disposal. This shown on the map. Each square represents about one year of refuse disposal. This is not compacted material, just loose waste.

Jaffrey has a problem, the same as all New Hampshire towns, and that is it is growing. This population growth is delineated on page . The two curves show the population trend — one for the state of New Hampshire, and the other for the Town of Jaffrey — estimated or projected to the year 1990. Twenty years from now we can expect a population of around 7000. At present, 1969, our population is around 4,000, more or less, according to the influx of summer residents, or transients.

Whether Jaffrey acquires more land at the present disposal site for future generations is a matter for the residents to decide. The present site is desirable, and is set up for the disposal of refuse. Acquiring additional land at this site seems the logical procedure to follow either now or in the future as the population increased.

To comply with the law we will have to stop the burning of combustible material at the disposal area by 1972. This gives us a choice of sanitary land fill, incineration, pit burning, hauling away, composting, and a variety of other mediums too complicated, or expensive, for the town of Jaffrey.

Incineration and pit burning still requires the combustion of the refuse, and propaganda stating that these units are smokeless is misleading as gasses and fly ash issue from the apparatus, and if not properly regulated there is a plume of smoke seen from the stack. Both the incinerator and the pit burning apparatus require a place to deposit the residue after the refuse has been burned. This is composed of melted glass, metal, and non-combustible material. The refuse fed to the apparatus is reduced to about one tenth the volume by the combustion of the refuse. This residue does not have to be buried as it is sterilized during the process of combustion. An incinerator is an expensive proposition, and requires a constant feed of refuse. The volume required is far in excess of the amount that Jaffrey can produce. On the other hand the pit burning apparatus,

somewhat of a recent innovation, around two hundred in existence so far, does not require a constant feed of refuse, and may be worked two or three days a week. This would be a better proposition than an incinerator, and less costly for Jaffrey. The University of New Hampshire Experimental Station at Durham is presently working out the details, and in a short while an experimental unit will be in operation.

The hauling away of refuse by a trucking concern requires one or two depots in the town for depositing refuse. The trucks remove the refuse from the depots, and truck it to a land fill, or incinerator. If by any chance the trucking concern goes out of business, other means of disposal will have to be worked out.

Composting of refuse requires apparatus, buildings, a quantity of sewage near at hand to mix with refuse, and a sales force to sell the bagged peat fertilizer as it is called. This means that the town goes into the manufacturing business.

Sanitary land fill is not new to anyone of us. It is just the complete burial of refuse from the town each day. The burning of combustible refuse is not allowed. The residents of Jaffrey, and the collectors, will go to the disposal area in the same manner as they have in the past with one exception. The waste will have to be placed in a trench for that purpose each day. At the end of the day the caretaker will compact and cover the refuse with sand, gravel, or earth from the new trench dug for the next day. The trench may be dug for a week's supply, but the refuse must be buried each day.

The present disposal area of Jaffrey is an open faced dump. The face of it is forty feet high, more or less, with a disposal area at the top periodically covered with earth so that cars and trucks will be able to get close to the edge to deposit refuse over the side. Caretakers supervise the refuse deposits, and enforce the regulations. The area is partly fenced in to keep papers from flying around. Sanitary facilities are regulated by the health officer of the town, and fire protection is available from the Jaffrey Fire Department. A limited amount of sand and gravel is available at the site for covering the refuse. Some has to be trucked into the area. Suitable machinery to work the area has to be borrowed from other departments of the town, or rented from private contractors. Twenty four waste disposal areas in the Monadnock Region have been visited, and only two surpass the Jaffrey Disposal Area for cleanliness and upkeep.

It may be of interest to the statistically minded person to briefly state a few figures concerning the quantities that go into the disposal system. Figures are all estimates from the government, or sanitary engineers as no method has been used to measure or weigh the refuse thrown away. The population of Jaffrey (1968) is 3450 persons, and it costs the town \$7323 to maintain the disposal system for 1968,

or a cost of \$2.13 per person per year, or a daily cost of \$.0058 per person. The estimated cubic yards thrown away per person yearly is 4, and each person throws away approximately 1460 lbs. of refuse a year, or about 4 to 5 lbs. of refuse each day. About 2500 tons of refuse were disposed of in 1968 in Jaffrey, or 14,300 cubic yards of an average density of about 350 lbs. per cubic yard.

To maintain any type of refuse disposal system economically requires the use of proper machinery either borrowed from the town, rented from contractors, or bought for the exclusive use of the refuse disposal area. For the Town of Jaffrey it seems the logical thing to do is to continue the land fill operation, but go one step further and make a SANITARY land fill disposal area. Buy a steel treaded front end loader exclusively for the disposal area. The reason for a steel treaded apparatus is to compact the refuse. A rubber tired machine would have its tires punctured in no time from the sharp metal, broken glass, and cans. Trucks may be borrowed from the town as are necessary, or may be rented from contractors. The front

end of the loader scoop, or bucket, is used for distributing the earth to cover over the refuse. Trucks would be used just for hauling earth cover.

If at any future date the pit burner is approved, and shown to be successful, Jaffrey has the site already established to install the unit, and a disposal area to deposit the residue, the machine to compact, dispose and bury the residue. In the meantime Jaffrey will have complied with the law, and stopped burning refuse at the disposal area.

Ralph E. Boynton, who had a total record of service to his town and his county that neared a century, died February 6, 1969, at the age of 80 years.

He had served Jaffrey as a selectman through nine terms, from 1933 until 1960. He had been a Cheshire County commissioner for a dozen years. He had served Jaffrey as a library trustee for 27 years and as a water commissioner for a quarter of a century.

Born a few miles over the line in Sharon in 1888, he had lived in Jaffrey all but a few weeks of his life.

"I can't claim to be a native," he said with a wry smile on one ceremonial occasion. "But I can come close to it."

## B. JAFFREY NO-SCHOOL SIGNAL

In case of emergency when it seems inadvisable to have schools in session on any day, the No-School Signal will be given by sounding the signal on the fire alarm system at 7:30 a.m. It will also be announced over radio station WBZ, WKNE and WKBK at the same time approximately.

Parents and pupils are urged to depend upon the fire signal, T.V., or radio for no-school notices. Telephone operators are no longer able to assist in giving no-school information.

### D. REPORT OF THE SCHOOL DISTRICT CLERK

#### Annual Meeting

##### 1.

#### School District of Jaffrey

March 10, 1969

Meeting called to order at 7:30 p.m., March 10, 1969, in the Conant High School Auditorium.

Invocation by Rev. Martineau.

Warrant for the Annual Meeting of the Jaffrey School District was read by David R. Sawyer, School District Moderator.

ARTICLE 1. Mrs. Anne B. Gordon moved and it was seconded by Mr. Ernest J. Pratt, that the salaries of the District Officers for the ensuing year be as follows:

Each School Board Member	\$50.00
Treasurer	50.00
Clerk	5.00
Moderator	5.00
Each Auditor	20.00
Each Ballot Clerk	5.00
Unanimously carried.	

ARTICLE 2. Mrs. Marion Mack Johnson moved, and it was seconded by Mr. Ernest J. Pratt, that the reports as printed be accepted and placed on file with the Clerk. Unanimously carried.

ARTICLE 3. Mr. Leon H. Hunt moved, and it was seconded by Mr. Robert E. Bussiere, that the Auditors chosen at the Annual Town Meeting on March 11, 1969, act as Auditors for the School District of Jaffrey. Unanimously carried.

ARTICLE 4. Mr. James A. Sullivan moved, and it was seconded by Mrs. Marion Mack Johnson and others, that the School District raise and appropriate \$591,331.00 for

the support of schools, for the payment of salaries for School District Officers and Agents and for the payment of the statutory obligations of the District with the following corrections made to the 1969-70 School District Budget posted on February 21, 1969:

Account No. 210 increased to read	\$398,355.00
Account No. 235 decreased to read	2,657.00
Account No. 290 decreased to read	7,966.00

Account No. 855 increased to read	4,087.00
Account No. 1267 decreased to read	6,667.00
Discussion. Carried	

ARTICLE 5. Mr. Robert E. Bussiere moved, and it was seconded by Mr. James A. Sullivan, that the School District raise and appropriate \$6,000.00 in addition to the original appropriation for 1968-69, to be made available to the School District prior to July 1, 1969, in order to meet District expenses for the current year. Discussion. Carried.

ARTICLE 6. Mr. Ernest J. Pratt moved, and it was seconded by Mr. Leon H. Hunt, that the School Board be authorized to include a contingency fund item in the regular School District Budget and raise and appropriate the sum of \$2,000.00 for the same. Discussion. Carried.

ARTICLE 7. Mr. Ernest J. Pratt moved, and it was seconded by Mr. James A. Sullivan, that the School Board be authorized to purchase a new school bus, authorizing transfer and appropriation of all funds from the Capital Reserve Fund as may be necessary, using the District-owned bus as part payment. Discussion. Carried.

ARTICLE 8. Mrs. Marion Mack Johnson moved, and it was seconded by Mr. James A. Sullivan and others, that the School District raise and appropriate \$4,137.00 for the support of the service or services similar to those now offered by the Monadnock Children's Special Service

Center. Discussion. Carried.

The Moderator ruled that as Article 9 would be non-debatable he would permit discussion prior to the motion. The following motion was presented after the discussion was declared closed:

ARTICLE 9. Mr. James A. Sullivan moved, and it was seconded by Mr. Ernest J. Pratt and others, that the meeting be adjourned to Conant High School Auditorium until 7:30 o'clock in the afternoon, October 20, 1969, to act on Article 9. Motion carried. Adjourned at 8:40 p.m.

# SCHOOL PROGRAM

## B. JAFFREY GRADE SCHOOL

As mentioned in previous reports curriculum evaluation is a never ending process. After more than a year and a half of study, the math study committee of Union No. 47 recommended the basic text published by Holt, Rinehart and Winston for the schools of the Union. In September 1969 the math consultant for the company met with the teachers to help them prepare for the introduction of this text and the series was introduced at all grade levels in the Grade School.

During the past year the music program at the school was expanded to include a fifth and sixth grade chorus and an elementary band composed of members from the Grade School and St. Patrick's School. The two groups combined to present a concert in the spring of 1969. It is interesting that, because of the sustained interest of the children, much of the rehearsing for this event could be done in the mornings before school.

In the spring the Gesell Developmental Tests were administered to all children who would be old enough to enter the first grade on September 1, 1969. These tests measure the maturity of the child and not his intelligence. Studies have shown that maturity is a big factor in a child's success in his school progress. As a result of these tests no child was refused entrance to the first grade, but it was suggested that some children should be better able to cope with the present first grade program if their entrance were delayed for another year.

A committee of teachers from Union No. 47 under the direction of Norman LaPalme, principal of the Peterborough Elementary School, held regular meetings throughout the school year to develop a new card for reporting to parents. Mildred Cutter was the representative from this school. This card was issued at the end of the first marking period in November. After the second reporting period in January, parents were given an opportunity to comment on their reactions to the card.

The intent of the new progress report is to evaluate each child's achievement in relation to his own ability, rather than in relation to his classmate's achievement or an arbitrary standard.

## C. CONANT HIGH SCHOOL

The continued success and progress of Conant High School is foremost in the minds of the faculty at Conant.

We are proud of the comprehensive status Conant has held over the past ten years as a member in good-standing of the New England Association of Colleges and Secondary Schools. Another ten year period begins as Conant prepares for a re-evaluation this year. This process consumes much time and effort on the part of the faculty. Over the past year we have been going through the phase of self-evaluation which, although strenuous, is also found to be an enriching experience. This procedure lays the groundwork for the actual evaluation by an outside team of educators which will take place during a three day period in early April.

Changes within our society over the past decade have been significant in promoting changes within our school systems. The past few years have evidenced changes in the approach to learning in forty one per cent of our nation's secondary schools.

Educational philosophy and objectives are used as the criteria to determine the plan or program of any educational institution. The success of this program is dependent upon whether the institution practices what it proposes in its philosophy and objectives.

This year the science curriculum was expanded to include the elective subjects of earth science and a laboratory course in physical science in order to provide appropriate course selections for all students. Added to the English curriculum were semester courses in creative writing and public speaking.

With the dwindling numbers in Latin and the trend of schools to delete this subject, it was decided to phase out Latin and offer Spanish as our second foreign language (along with French).

The initiation of a work-study program to lessen the number of drop-outs has been successful to date with ten students enrolled. These students must take four subjects during the morning session and then are allowed to leave school to work in local firms during the afternoon. We appreciate the fine cooperation received in this program by our local businessmen.

These additions have added strength to some of the weaker areas of our curriculum. The efforts put into curriculum revision over the past few years have resulted in a balanced core curriculum for a small high school.

The music department continues to show gains with more students taking instrumental lessons. We take pride in the performance of the various musical groups that have entertained the people of our community and others throughout the state. The high school band was again invited to play at one of the football games at the

University of New Hampshire.

The school library continues to grow. This year we added five hundred new books to bring the total books in the library up to five thousand volumes. New card catalog files have improved the record keeping facilities.

In the area of maintenance all of the floors in the old building were sanded during the summer which greatly enhanced their appearance. We were fortunate in having the services of our boys through the Office of Economic Opportunity, a federally-funded program, to assist in sanding desks, painting, and general cleaning.

This year marks the end to a long, successful history of

the Jaffrey School District with school boards that have continually shown noteworthy concern for the education of the young people of Jaffrey. Already the School Board of the newly formed Jaffrey-Rindge School District has been working diligently to improve the educational status from kindergarten through grade twelve which are encompassed within the two towns.

On behalf of the student body it is our desire that Jaffrey continue its fine support of schools, and pursue the prospects of even more effective education for its young people.

## PART VI AUXILIARY ACTIVITIES AND SPECIAL REPORTS

### JAFFREY SCHOOL HEALTH WORK

1969-1970

Colds, sore throats, digestive upsets were the most frequent problems in all three Jaffrey Schools. Chicken pox, measles, mumps, and whooping cough are almost unheard of, now that vaccines are available for these communicable diseases.

There were many cases of strep throat, but with timely exclusions and early treatment by family physicians, students were quickly returned to classes.

Dr. Franklin Sterling, school physician, examined all odd numbered grades and all sport participants. He also sees pupils as the need arises and makes many visits to the schools to check on health needs. He does not treat or prescribe. If any condition is found, the parents are notified, through the mail, by the school nurse and advised to take their child to their own physician for treatment.

In September the new first graders were welcomed, all vaccinations checked by the school nurse and entered on health records.

During the year the annual vision and hearing tests were performed on all students in all twelve grades. Height and weight gains recorded on their health history. The follow through on remedial defects show a higher percentage of corrections each year. Parents are very cooperative.

The Matching Fund Dental Clinic sponsored by the Jaffrey Women's Club was completed from September through December. There were sixteen clinics with ninety appointments and twenty-six pupils treated. Dr. Harold Goodman did the work in his office.

In March the Heaf Stem-needle Tuberculin test was administered by the school nurse to all first graders and seniors. Teachers and personnel who desired it, also received it. Results were sent to the New Hampshire Tuberculosis Association.

The Jaffrey Community League again provided funds for the eye exams and eye glasses for pupils whose parents found it difficult to provide.

In January the Lions Club members were introduced to Amblyopia by Mrs. McDonald, R.N., Field Nurse, Pre-School Vision Screening Program, through the school nurse who approached them regarding a screening program. This was held at the grade school May 3rd. Sixty-three children were screened. We hope it will be an annual service.

Approved professional meetings were attended by the school nurse throughout the year, these with area nurses and Division of Public Health in Keene.

In June, pre-school registration and examinations were held. At this time, sixty-three pupils were registered for entrance in September at St. Patrick and Grade School. Data about regulations, facilities, school calendar and administrative personnel was sent out. On that day the children are checked by the nurse, the speech therapist, and the dental hygienist. The parents are then advised about the necessary follow-up and needed summer corrections.

To end the year all Health Records were completed and filed.

It was a good year health-wise in all three Jaffrey's Schools with no major illnesses or accidents.

Doris Shea, R.N.
